DEPARTMENT：II – B.Sc (Computer Science)

COLLEGE：Government Arts and Science College (Co – Education), Avinashi

PROJECT TITLE

INTERACTIVE DIGITAL PORTFOLIO

AGENDA

- Problem Statement

- Project Overview

- End Users

- Tools and Technologies

- Portfolio Design and Layout

- Features and Functionality

- Result and Screenshots

- Conclusion

- GitHub Link

PROBLEM STATEMENT

- Many students and developer struggle to present their skills and projects effectively

- Static resume fail to show live projects, certificates, and services in an interactive way

- Recruiters often find it hard to evaluate practical skills through plain text resumes without real project demos & visuals

PROJECT OVERVIEW

- Created a Personal Portfolio Website for myself

- It serves as a digital resume showcasing my skills, services, certificates, and project in a modern, responsive layout

- The portfolio website provides a centralized platform to showcase my skills, services, certificates, and live projects all in one place

END USERS

- Recruiters & Hiring Managers

- College faculty for project evaluation

- Client looking for freelance/project work

- General audience interested in my work

TOOLS AND TECHNOLOGIES

- Frontend : HTML, CSS, JavaScript

- Icons : Remixicon, Flaticon

- Styling : Custom CSS with variable & responsiveness

- GitHub : Version control & hosting

PORTFOLIO DESIGN & LAYOUT

- Dark modern theme with cyan highlight colour

- Section : Home , About, Skills, Certificates, Projects, Services, Contact

- Responsive grid layout for skills, certificates, and projects

- Smooth scroll & animations

FEATURES & FUNCTIONALITY

- Responsive and mobile – friendly design

- Model popup for certificate preview

- Service showcase with icons

- Projects with live code link & preview option

- Contact form with email / phone integration

RESULT & SCREENSHOTS

- Professional personal portfolio website build

- Clear display of Skill, achievements, and projects

- Screenshots : Below the screenshots are my portfolio website
